2.030. Revised Statutes of Missouri, 2016. — Legislative research, printing and binding of laws. — The joint committee on legislative research shall annually collate and index, and may print and bind and/or produce in a web-based electronic format all laws and resolutions passed or adopted by the general assembly and all measures approved by the people since the last publication of the session laws. Any edition of the session laws published pursuant to this section is a part of the official laws and resolutions of the general assembly at which the laws and resolutions were passed.

2.040. The joint committee on legislative research shall headnote, collate, index the laws, resolutions and constitutional amendments, and compare the proof sheets of the printed copies with the original rolls. The revisor of statutes shall insert therein an attestation under the revisor's hand that the revisor has compared the laws, resolutions, constitutional amendments and measures therein contained with the original rolls and copies in the office of the secretary of state and that the same are true copies of such laws, measures, resolutions and constitutional amendments as the same appear in the original rolls in the office of the secretary of state. The joint committee on legislative research shall cause the completed laws, resolutions and constitutional amendments to be printed and bound.

The Joint Committee on Legislative Research is pleased to state that the 2023 Session Laws of Missouri is printed with soy-based ink.

ATTESTATION

STATE OF MISSOURI)
) ss.
City of Jefferson)

I, Sandy Lueckenhoff, Assistant Revisor of Statutes, hereby certify that I have collated carefully the laws and resolutions passed by the One Hundred Second General Assembly of the State of Missouri, convened in first regular session (2023) as they are contained in the following pages, and have compared them with the original rolls and have corrected them thereby. Headnotes are used for the convenience of the reader and are not part of the laws they precede.

IN TESTIMONY WHEREOF, I have hereunto set my hand at my office in the City of Jefferson this 11th day of October A.D. two thousand twenty-three.

SANDY LUECKENHOFF
ASSISTANT REVISOR OF STATUTES

EFFECTIVE DATE OF LAWS

All laws having emergency clauses (and appropriation bills) become effective upon signature by the governor. Bills having a specific effective date contained in the text of the act become effective on that date. This date is shown immediately following the section. All other laws become effective in accordance with the provisions of the Constitution of Missouri.

Section 29, Article III of the Constitution provides:

“No law passed by the general assembly, except an appropriation act, shall take effect until ninety days after the adjournment of the session in either odd-numbered or even-numbered years at which it was enacted. However, in case of an emergency, which must be expressed in the preamble or in the body of the act, the general assembly by a two-thirds vote of the members elected to each house, taken by yeas and nays may otherwise direct; and further except that, if the general assembly recesses for thirty days or more it may prescribe by joint resolution that laws previously passed and not effective shall take effect ninety days from the beginning of the recess.”

Pursuant to Section 20(a), Article III, Constitution of Missouri, as amended in 1988, the regular session of the general assembly ends on May 30th and laws passed at that session become effective August 28th of that year.

Section 21.250, which provides for the effective date of bills reconsidered after the governor’s veto, was amended by the General Assembly in 2003 to add the following language:

“Unless the bill provides otherwise, it shall become effective thirty days after approval by constitutional majorities in both houses of the general assembly.”.

The One Hundredth Second General Assembly, First Regular Session, convened Wednesday, January 4, 2023, and adjourned Tuesday, May 30, 2023. All laws passed by it (other than appropriation acts, those having emergency clauses or different effective dates) became effective ninety days thereafter on August 28, 2023.

JOINT RESOLUTIONS AND INITIATIVE PETITIONS

Section 2(b), Article XII of the Constitution provides:

“All amendments proposed by the general assembly or by the initiative shall be submitted to the electors for their approval or rejection by official ballot title as may be provided by law, on a separate ballot without party designation, at the next general election, or at a special election called by the governor prior thereto, at which he may submit any of the amendments. No such proposed amendment shall contain more than one amended and revised article of this constitution, or one new article which shall not contain more than one subject and matters properly connected therewith. If possible, each proposed amendment shall be published once a week for two consecutive weeks in two newspapers of different political faith in each county, the last publication to be not more than thirty nor less than fifteen days next preceding the election. If there be but one newspaper in any county, publication for four consecutive weeks shall be made. If a majority of the votes cast thereon is in favor of any amendment, the same shall take effect at the end of thirty days after the election. More than one amendment at the same election shall be so submitted as to enable the electors to vote on each amendment separately.”

The One Hundredth Second General Assembly, First Regular Session (2023), passed one Joint Resolution. Resolutions are to be published as provided in Section 116.340, RSMo 2016, which reads:

“116.340. Publication of approved measures. — When a statewide ballot measure is approved by the voters, the secretary of state* shall publish it with the laws enacted by the following session of the general assembly, and the revisor of statutes shall include it in the next edition or supplement of the revised statutes of Missouri. Each of the measures printed above shall include the date of the proclamation or statement of approval under section 116.330.”

*The publication of session laws was delegated to the Joint Committee on Legislative Research in 1997 by Senate Bill 459, section 2.040.

The headnotes used to describe sections printed in this volume may not be identical with the headnotes which appear in the 2023 Revised Statutes of Missouri. Every attempt has been made to develop headnotes which adequately describe the textual material contained in the section.

Appropriates money for the expenses, grants, refunds, and distributions of the State Board of Education and the Department of Elementary and Secondary Education

AN ACT to appropriate money for the expenses, grants, refunds, and distributions of the State Board of Education and the Department of Elementary and Secondary Education, and the several divisions and programs thereof, to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, and to transfer money among certain funds for the period beginning July 1, 2023, and ending June 30, 2024.

Be it enacted by the General Assembly of the state of Missouri, as follows:

There is appropriated out of the State Treasury, to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, for the purpose of funding each department, division, agency, fund transfer, and program described herein for the item or items stated, and for no other purpose whatsoever, chargeable to the fund designated, for the period beginning July 1, 2023, and ending June 30, 2024, as follows:

PART 1

SECTION 2.000. – Each appropriation in this act shall consist of the item or items in each section of Part 1 of this act, for the amount and purpose and from the fund designated in each section of Part 1, as well as all additional clarifications of purpose in Part 2 of this act that make reference by section to said item or items in Part 1. Any clarification of purpose in Part 2 shall state the section or sections in Part 1 to which it attaches and shall, together with the language of said section(s) in Part 1, form the complete statement of purpose of the appropriation. As such, the provisions of Part 2 of this act shall not be severed from Part 1, and if any clarification of purpose in Part 2 is for any reason held to be invalid, such decision shall invalidate all of the appropriations in this act of which said clarification of purpose is a part. The U.S. Department of Education dictates that ESSER funding should be used to prevent, prepare for, or respond to the COVID-19 pandemic; for construction, renovation, and minor remodeling adhering to local and state requirements; and be awarded to recipients who comply with federal award requirements. Use of ESSER III funding for this purpose would reduce the amount of aid to be distributed to local education agencies for previously planned expenditures.

*I hereby veto \$955,000 general revenue for a primary substance use prevention not-for-profit organization. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, Missouri high school students are currently required to take one half credit of health education to be eligible to receive a high school diploma. Current health education curriculum adheres to the National Health Education Standards, which includes curriculum incorporating substance use awareness. Additionally, although it does not explicitly identify a specific vendor, this appropriation appears to describe a specific vendor's platform. The department is subject to state purchasing laws set forth in Chapter 34, RSMo, and must follow those laws when selecting a vendor rather than contracting with a particular vendor.

 From General Revenue Fund (0101) (one-time) \$1,700,000

*I hereby veto \$1,700,000 general revenue for grants to establish a mental health digital referral platform for students. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we

will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, although it does not explicitly identify a specific vendor, this appropriation appears to describe a specific vendor's platform. The department is subject to state purchasing laws set forth in Chapter 34, RSMo, and must follow those laws when selecting a vendor rather than contracting with a particular vendor. Additionally, this is a local responsibility with minimal statewide impact. Other funding mechanisms should be pursued in lieu of earmarked state funding for this project. The budget fully funds the foundation formula. Each school district maintains discretion in allocating their resources for these kinds of services as there is interest.

*I hereby veto \$1,073,000 general revenue for an early childhood education community needs assessment. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this item would provide duplicate funding to an organization receiving appropriations in House Bill 5.

SECTION 3.000. – Each appropriation in this act shall consist of the item or items in each section of Part 1 of this act, for the amount and purpose and from the fund designated in each section of Part 1, as well as all additional clarifications of purpose in Part 2 of this act that make reference by section to said item or items in Part 1. Any clarification of purpose in Part 2 shall state the section or sections in Part 1 to which it attaches and shall, together with the language of said section(s) in Part 1, form the complete statement of purpose of the appropriation. As such, the provisions of Part 2 of this act shall not be severed from Part 1, and if any clarification of purpose in Part 2 is for any reason held to be invalid, such decision shall invalidate all of the appropriations in this act of which said clarification of purpose is a part. An appropriation may be comprised in whole or in part of a one-time amount, and such one-time amount shall be construed to be a component part of, and not in addition to, the stated appropriation amount. Any amount of an appropriation identified as "one-time" in this act shall not be considered an addition to any ongoing core appropriation(s) in future fiscal periods beyond June 30, 2024. *I hereby veto \$600,000, including \$400,000 general revenue, for the Missouri Returning Heroes Program. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, higher education institutions currently fund this program and the budget approved by the General Assembly for the public institutions included a 7 percent increase, totaling over \$70.8 million. This veto will not impact the tuition paid by veterans who qualify for the Returning Heroes program in any way.

Said section is vetoed in its entirety.

*I hereby veto \$5,000,000 general revenue for the statewide operations in the areas of the Agricultural Extension Service. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this item provides additional funding for the University of Missouri Extension, which is the responsibility of the University of Missouri's budget. The Fiscal Year 2024 budget approved by the General Assembly includes a 7 percent increase for public four-year institutions of higher education, totaling over \$58.9 million. Additionally, in researching this item it is unclear what the additional funding would be used for.

For the purpose of funding the federal match requirement and the statewide operations in the areas of the Agricultural Extension Service.

From \$29,075,000 to \$24,075,000 from General Revenue Fund.

I hereby veto \$15,000,000 general revenue for the University of Missouri eMINTS Program for prosocial education training initiatives for school districts and charter schools. *I hereby veto \$5,000,000 general revenue for an environmental impact study related to improvements to U.S. Highway 63 between Cabool and Houston in Texas County. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this project has not been prioritized in a regional planning process and was not included in the list of unfunded needs by the Missouri Department of Transportation.

For an environmental impact study related to improvements to US Highway 63.

The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this funding is for a facility that will operate in conjunction with the planned Jefferson City port; however, final plans have not yet been developed. Additionally, this project has not been prioritized in a regional planning process and was not included in the list of unfunded needs by the Missouri Department of Transportation.

Said section is vetoed in its entirety from \$2,000,000 to \$0 from General Revenue Fund.

From \$2,000,000 to \$0 in total for the section.

*I hereby veto \$2,000,000 general revenue for Children's Trust Fund evidence-based home visitation programs. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we

will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this budget includes more than \$41.4 million for home visitation programs.

For the purpose of evidence based-home visitation programs.

There is appropriated out of the State Treasury, to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, for the purpose of funding each department, division, agency, fund transfer, and program described herein for the item or items stated, and for no other purpose whatsoever, chargeable to the fund designated for the period beginning July 1, 2023, and ending June 30, 2024, as follows:

agronomic and breeding research is conducted by the University of Missouri-Columbia in a partnership with the nonprofit agricultural organization, and on-farm field days are available, for free, to the public to learn about the benefits of modern technology, conservation and general agronomic farming practices

From General Revenue Fund (0101) (one-time)\$2,000,000

*I hereby veto \$2,000,000 general revenue for a grant program for an agronomic research farm facility. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, most agriculture commodity groups utilize their check-off dollars to fund research initiatives. Those or other funds should be pursued instead of state tax dollars for this project.

Said section is vetoed in its entirety from \$2,000,000 to \$0 from General Revenue Fund.

*I hereby veto \$5,000,000 general revenue for planning, design, maintenance or construction of a flood wall in St. Louis City. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed part of this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly.

general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, while I am supportive of law enforcement officers and have made budget recommendations supporting law enforcement, first responders, and other emergency personnel in this budget and in previous budgets, this item is a local responsibility with minimal statewide impact. Other funding mechanisms should be pursued in lieu of earmarked state funding for this project.

I hereby veto \$500,000 Budget Stabilization Fund for a nonprofit organization in St. Joseph to help reduce the incident of violent crime and strengthen police services by researching and analyzing the best practices to help reduce violent crime. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. From \$500,000 to \$0 from Budget Stabilization Fund.

I hereby veto \$500,000 general revenue for a communication platform for active duty National Guardsmen, first responders and veterans to receive direct access to chaplains and provide suicide prevention information and resources. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, the Fiscal Year 2024 budget invests over \$35 million in 988 mental health hotline infrastructure to assist citizens statewide experiencing a mental health emergency, including a specific line for veterans where the qualified responders are trained to support veterans. The General Assembly also included \$1 million to market the 988 program for which my administration will use to target national guardsmen, veterans, first responders, and members of our armed forces. Further, the National Guard also has an existing phone application which includes a suicide hotline component. This program would be duplicative of those investments.

*I hereby veto \$26,628 general revenue for salary increases for the Capitol Police. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, while I support the General Assembly's efforts to address recruitment and retention of law enforcement officers, our research indicates that a more targeted approach is needed. Therefore, I am vetoing down this item to provide a \$4,000 across-the-board increase for officers, a \$2,500 increase after seven years of service for officers, as well as targeted increases for identified positions. These increases are on top of the statewide 8.7% increase that went into effect March 1, 2023. This approach will enable us to offer competitive pay for our law enforcement officers while maintaining a sustainable budget.

*I hereby veto \$1,373,305, including \$7,380 general revenue, for salary increases for the Highway Patrol. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, while I support the General Assembly's efforts to address recruitment and retention of law enforcement officers, our research indicates that a more targeted approach is needed. Therefore, I am vetoing down this item to provide a \$4,000 increase for troopers, troopers first class, corporals and sergeants; a \$2,500 increase after seven years of service for uniformed members; as well as targeted increases for identified non-uniformed positions. These increases are on top of the statewide 8.7% increase that went into effect March 1, 2023. Further, while I am supportive of first responders and have made budget recommendations supporting law enforcement, first responders, and other emergency personnel in this budget and in previous budgets, this is a local responsibility with minimal statewide impact. Other funding mechanisms, such as the ARPA First Responders grant, exist for this purpose. My veto in 20.150 removing the cap on public safety grants allows this project to pursue that state grant funding opportunity.

*I hereby veto \$132,000 general revenue for salary increases for National Guard administrative personnel. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, these salary increases for the Missouri National Guard are duplicative of federal funds for the same purpose. Additionally, this item affects a narrow group of employees who are already receiving pay increases under the 8.7% statewide pay plan and without a demonstrated need for targeted salary increases.

Personal Service by \$132,000 from \$1,728,099 to \$1,596,099 from General Revenue Fund.
From \$1,869,129 to \$1,737,129 in total from General Revenue Fund.

Any clarification of purpose in Part 2 shall state the section or sections in Part 1 to which it attaches and shall, together with the language of said section(s) in Part 1, form the complete statement of purpose of the appropriation. As such, the provisions of Part 2 of this act shall not be severed from Part 1, and if any clarification of purpose in Part 2 is for any reason held to be invalid, such decision shall invalidate all of the appropriations in this act of which said clarification of purpose is a part. *I hereby veto \$550,000 general revenue for a pilot program to gauge the effectiveness of prescription digital therapeutics for the treatment of substance use disorder and opioid use disorder. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, the Department of Corrections already operates a substance abuse program; this funding would be duplicative of current programming and was not requested by the department.

*I hereby veto \$215,000 general revenue for a 5.5% increase in funding for the Access to Recovery program. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this budget has already budgeted for multiple items totaling over \$472 million in support of behavioral health services statewide.

I hereby veto \$1,500,000 general revenue to expand existing respite housing programs. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this was based on the findings of an informal House group on Crime Prevention. While I appreciate the work of the group's members to find solutions to these problems, a larger and more formal study is needed to determine the best avenues for reducing crime through mental health services. Additionally, this budget has already budgeted for multiple items totaling over \$472 million in support of behavioral health services statewide.

I hereby veto \$2,000,000 general revenue for the Engaging Patients in Coordinated Care (EPICC) program. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, there are existing peer support services and opioid treatment investments to help address the goals of this program. Additionally, this program provides one-time state funding to support ongoing program costs, which could possibly jeopardize the program's future sustainability.

For a behavioral health network that links individuals 14 and over with severe opioid use disorder to community based treatment with the help of Peer Recovery Coaches.

I hereby veto \$1,800,000 general revenue for an Electroencephalogram (EEG) combined Transcranial Magnetic Stimulation (eTMS) Pilot Program. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Additionally, while I am supportive of efforts to help address the mental health needs of veterans and first responders, this is a relatively new treatment option. A smaller pilot project allows for a closer look at the effectiveness of the treatment without being fiscally irresponsible. Additional FDA approval for the equipment is still pending. This item can be revisited once the program is able to demonstrate effectiveness.

For the Division of Behavioral Health to implement the use of EEG-Guided Transcranial Magnetic Stimulation (e-TMS) equipment.
From \$3,300,000 to \$1,500,000 from General Revenue Fund.

***SECTION 10.721.** – To the Department of Health and Senior Services

For the Division of Community and Public Health

For the purpose of funding the purchase of rapid response testing kits for STI testing and other health outbreaks that can be done at point of care, in the field or at home to enhance access to health services in rural areas or economically depressed areas, provided that the kits have the ability to report results in no more than 48 hours, provide daily data analysis, forecasting and metrics to track infections and prescriptions filled, is HL7 compatible and can provide STI prescriptions to the state or local public health agencies

From General Revenue Fund (0101) \$500,000

*I hereby veto \$500,000 general revenue for the purchase of rapid response testing kits for STI testing or other health outbreaks. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, the Department of Health and Senior Services currently purchases, ships, and provides test results for STIs. Additionally, the state has invested \$78 million in the One Health Laboratory. Current resources and future resources can handle additional STI testing. This earmark is duplicative of other tests already paid for by Missouri taxpayers.

Said section is vetoed in its entirety from \$500,000 to \$0 from General Revenue Fund.

*I hereby veto \$2,200,000 general revenue for the long-term care ombudsman program. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, while this program's focus on ensuring the health and well-being of seniors is commendable, there is funding elsewhere in the budget to meet the needs of this program, particularly clarified language on the spending authority of the \$32.6 million Senior Services Growth and Development Program Fund and appropriate General Revenue transfer to support Area Agencies on Aging.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter in bold-face type is proposed language.

For the Ombudsman Program operated by the Area Agencies on Aging or their service providers.

For the purpose of funding transportation needs for a non-profit corporation in any county with more than twenty-two thousand but fewer than twenty-five thousand inhabitants and with a county seat with more than one thousand nine hundred but fewer than two thousand three hundred inhabitants that provides food distribution services, one time assistance, and other emergency services

From the Senior Services Growth and Development Program Fund (0419)..... \$50,000

*I hereby veto \$50,000 Senior Services Growth and Development Program Fund for the Texas County Food Pantry. While this funding would support an important service, especially for seniors in rural areas, the Department of Health and Senior Services is subject to state laws set forth in Section 192.385, RSMo. This section requires all Senior Services Growth and Development Program Funds to follow a formula to support ten specific Area Agencies on Aging across Missouri which excludes the Texas County Food Pantry.

Said section is vetoed in its entirety from \$50,000 to \$0 from Senior Services Growth and Development Program Fund.

In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. For contractual payments to provide legal assistance to kinship placements referred by the division to help children remain safely with kinship caregivers and prevent the need for foster care placement

From General Revenue Fund (0101)	\$500,000
--	-----------

*I hereby veto \$500,000 general revenue for kinship placement legal services. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, the Fiscal Year 2024 budget funds an additional 34 legal positions and an additional \$3.7 million in legal resources for the Children's Division.

Said section is vetoed in its entirety from \$500,000 to \$0 from General Revenue Fund.

From \$500,000 to \$0 in total for the section.

GOVERNOR

There is appropriated out of the State Treasury, to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, for the purpose of funding each department, division, agency, fund transfer, and program described herein for the item or items stated, and for no other purpose whatsoever, chargeable to the fund designated, for the period beginning July 1, 2023, and ending June 30, 2024, as follows:

PART 1

SECTION 12.000. – Each appropriation in this act shall consist of the item or items in each section of Part 1 of this act, for the amount and purpose and from the fund designated in each section of Part 1, as well as all additional clarifications of purpose in Part 2 of this act that make reference by section to said item or items in Part 1. Any clarification of purpose in Part 2 shall state the section or sections in Part 1 to which it attaches and shall, together with the language of said section(s) in Part 1, form the complete statement of purpose of the appropriation. As such, the provisions of Part 2 of this act shall not be severed from Part 1, and if any clarification of purpose in Part 2 is for any reason held to be invalid, such decision shall invalidate all of the appropriations in this act of which said clarification of purpose is a part. An appropriation may be comprised in whole or in part of a one-time amount, and such one-time amount shall be construed to be a component part of, and not in addition to, the stated appropriation amount. Any amount of an appropriation identified as “one-time” in this act shall not be considered an addition to any ongoing core appropriation(s) in future fiscal periods beyond June 30, 2024. Any amount identified as one-time may, however, be requested in any future fiscal period as a new decision item.

*I hereby veto \$2,563,061, including \$1,853,920 general revenue, for the State Auditor for salary adjustments and expense and equipment. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly.

*I hereby veto \$57,721 general revenue for security staff for the Southern District Court of Appeals. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly.

For Multimodal Operations Administration

Expense and Equipment
From State Transportation Fund (0675)\$25,000

*I hereby veto \$25,000 for the purpose of funding audit costs. Article IV, Section 25 of the Constitution of Missouri states that, "Until it acts on all the appropriations recommended in the budget, neither house of the general assembly shall pass any appropriation other than emergency appropriations recommended by the governor." Emergency appropriations adopted but not included in the governor's recommendations would fail to follow the aforementioned constitutional article, which is why I am vetoing this funding. Also, funding for this purpose has been included in the Fiscal Year 2024 budget for the Missouri Department of Transportation. Accordingly, an emergency supplemental appropriation for this purpose is not necessary.

Said section is vetoed in its entirety from \$25,000 to \$0 from State Transportation Fund.
From \$25,000 to \$0 in total for the section.

*I hereby veto \$1,145,238 Facilities Maintenance Reserve Fund for the 4-H Building project at the Missouri State Fair. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this funds the estimated project cost. Any additional funds needed should be raised by the State Fair Foundation or other agricultural organizations that utilize these facilities.

36 corridor to Interstate 72

From Budget Stabilization Fund (0522) \$2,500,000

*I hereby veto \$2,500,000 Budget Stabilization Fund for an engineering study related to upgrades to the U.S. Highway 36 corridor to Interstate 72. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this project has not been prioritized in a regional planning process and was not identified as an unfunded need by the Statewide Transportation Improvement Program. Other funding mechanisms should be pursued in lieu of earmarked state funding for this project.

Said section is vetoed in its entirety from \$2,500,000 to \$0 from Budget Stabilization Fund.

SECTION 19.530. – To the Department of Mental Health

For the planning, design and construction of an inpatient children's acute psychiatric hospital located at a residential treatment facility in a county with more than one million inhabitants operated by a non-profit entity that currently operates or is part of a health system that operates acute/inpatient children's psychiatric hospitals and psychiatric residential treatment facilities with extensive experience in trauma-informed care and adapting the latest neuroscience to treatment, offering youth full medical, psychiatric, clinical, and educational services, provided that local matching funds must be provided on a 50/50 state/local basis

***SECTION 19.531.** – To the Department of Mental Health

For distribution to a nonprofit organization that serves individuals with developmental disabilities in a city with more than fifty-one thousand but fewer than fifty-eight thousand inhabitants and located in more than one county, for the planning, design, and construction of a building to provide adult daycare services as well as administrative offices, provided that local matching funds must be provided on a 50/50 state/local basis

From Budget Stabilization Fund (0522) \$2,500,000

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter in bold-face type is proposed language.

*I hereby veto \$2,500,000 Budget Stabilization Fund for the planning, design, and construction of a building to provide adult daycare services for individuals with developmental disabilities in Joplin. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly.

Said section is vetoed in its entirety from \$2,500,000 to \$0 from Budget Stabilization Fund.

Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this is a local responsibility with minimal statewide impact. Other funding mechanisms should be pursued in lieu of earmarked state funding for this project.

*I hereby veto \$2,000,000 general revenue for the planning, design, maintenance, and construction of a regional training facility for law enforcement in Boone County. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly.

5. The state board of registration for the healing arts shall not deny, revoke, suspend or otherwise take disciplinary action against a physician for health care services delegated to a registered professional nurse provided the provisions of this section and the rules promulgated thereunder are satisfied. In subsequent applications or representations relating to his **or her** medical practice, a physician completing forms or documents shall not be required to report any actions of the state board of registration for the healing arts for which the records are subject to removal under this section.

Nothing in this subsection shall be construed to prohibit or prevent a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 from entering into a collaborative practice arrangement under this section, except that the collaborative practice arrangement may not delegate the authority to prescribe any controlled substances listed in Schedules III, IV, and V of section 195.017, or Schedule II - hydrocodone.

8. A collaborating physician shall not enter into a collaborative practice arrangement with more than six full-time equivalent advanced practice registered nurses, full-time equivalent licensed physician assistants, or full-time equivalent assistant physicians, or any combination thereof. 9. It is the responsibility of the collaborating physician to determine and document the completion of at least a one-month period of time during which the advanced practice registered nurse shall practice with the collaborating physician continuously present before practicing in a setting where the collaborating physician is not continuously present. 11. No contract or other ~~[agreement]~~ **term of employment** shall require a physician to act as a collaborating physician for an advanced practice registered nurse against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular advanced practice registered nurse. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any advanced practice registered nurse, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by hospital's medical staff.

12. No contract or other ~~[agreement]~~ **term of employment** shall require any advanced practice registered nurse to serve as a collaborating advanced practice registered nurse for any collaborating physician against the advanced practice registered nurse's will. Failure to provide service of process to the Commission shall render a judgment or order void as to the Commission, this Compact, or promulgated Rules.

B. Default, Technical Assistance, and Termination

1. If the Commission determines that a Member State has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated Rules, the Commission shall:

a. Provide written notice to the defaulting State and other Member States of the nature of the default, the proposed means of curing the default and/or any other action to be taken by the Commission; and

b. Provide remedial training and specific technical assistance regarding the default.

C. If a State in default fails to cure the default, the defaulting State may be terminated from the Compact upon an affirmative vote of a majority of the Member States, and all rights, privileges and benefits conferred by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending State of obligations or liabilities incurred during the period of default.

D. Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor, the majority and minority leaders of the defaulting State's legislature, and each of the Member States.

E. A State that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

F. The Commission shall not bear any costs related to a State that is found to be in default or that has been terminated from the Compact, unless agreed upon in writing between the Commission and the defaulting State.

G. The defaulting State may appeal the action of the Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

H. Dispute Resolution

1. Upon request by a Member State, the Commission shall attempt to resolve disputes related to the Compact that arise among Member States and between member and non-Member States.

2. The Commission shall promulgate a Rule providing for both mediation and binding dispute resolution for disputes as appropriate.

I. Enforcement

1. The Commission, in the reasonable exercise of its discretion, shall enforce the provisions and Rules of this Compact.

2. By majority vote, the Commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the Commission has its principal offices against a Member State in default to enforce compliance with the provisions of the Compact and its promulgated Rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

3. The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or State law.

SECTION 13. DATE OF IMPLEMENTATION OF THE COUNSELING COMPACT COMMISSION AND ASSOCIATED RULES, WITHDRAWAL, AND AMENDMENT

A. The Compact shall come into effect on the date on which the Compact statute is enacted into law in the tenth Member State. The provisions, which become effective at that time, shall be limited to the powers granted to the Commission relating to assembly and the promulgation of Rules. Thereafter, the Commission shall meet and exercise Rulemaking powers necessary to the implementation and administration of the Compact.

B. Any State that joins the Compact subsequent to the Commission's initial adoption of the Rules shall be subject to the Rules as they exist on the date on which the Compact becomes law in that State. Any Rule that has been previously adopted by the Commission shall have the full force and effect of law on the day the Compact becomes law in that State.

C. Any Member State may withdraw from this Compact by enacting a statute repealing the same.

1. A Member State's withdrawal shall not take effect until six (6) months after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing State's Professional Counseling Licensing Board to comply with the investigative and Adverse Action reporting requirements of this act prior to the effective date of withdrawal.

D. Nothing contained in this Compact shall be construed to invalidate or prevent any Professional Counseling licensure agreement or other cooperative arrangement between a Member State and a non-Member State that does not conflict with the provisions of this Compact.

E. This Compact may be amended by the Member States. No amendment to this Compact shall become effective and binding upon any Member State until it is enacted into the laws of all Member States.

SECTION 14. CONSTRUCTION AND SEVERABILITY

This Compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Compact shall be severable and if any phrase, clause, sentence or provision of this Compact is declared to be contrary to the constitution of any Member State or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this Compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this Compact shall be held contrary to the constitution of any Member State, the Compact shall remain in full force and effect as to the remaining Member States and in full force and effect as to the Member State affected as to all severable matters.

SECTION 15. BINDING EFFECT OF COMPACT AND OTHER LAWS

A. A Licensee providing Professional Counseling services in a Remote State under the Privilege to Practice shall adhere to the laws and regulations, including scope of practice, of the Remote State.

B. Nothing herein prevents the enforcement of any other law of a Member State that is not inconsistent with the Compact.

C. Any laws in a Member State in conflict with the Compact are superseded to the extent of the conflict.

D. Any lawful actions of the Commission, including all Rules and bylaws properly promulgated by the Commission, are binding upon the Member States.

E. All permissible agreements between the Commission and the Member States are binding in accordance with their terms.

F. In the event any provision of the Compact exceeds the constitutional limits imposed on the legislature of any Member State, the provision shall be ineffective to the extent of the conflict with the constitutional provision in question in that Member State.

Utility vehicles and equipment used to assist utility companies granted special permits under this subsection may be operated and transported on state-maintained roads and highways at any time on any day. [60.451. MISSOURI COORDINATE SYSTEM ZONES PRECISELY DEFINED. — 1. For the purpose of more precisely defining the Missouri coordinate system of 1927, the following definition by the United States Coast and Geodetic Survey is adopted:

(1) The Missouri coordinate system of 1927, east zone, is a transverse Mercator projection of the Clarke spheroid of 1866, having a central meridian 90 degrees—30 minutes west of Greenwich, on which meridian the scale is set at one part in fifteen thousand too small. The origin of coordinates is at the intersection of the meridian 90 degrees—30 minutes west of Greenwich and the parallel 35 degrees—50 minutes north latitude. This origin is given the coordinates: $x = 500,000$ feet and $y = 0$ feet;

(2) The Missouri coordinate system of 1927, central zone, is a transverse Mercator projection of the Clarke spheroid of 1866, having a central meridian 92 degrees—30 minutes west of Greenwich, on which meridian the scale is set at one part in fifteen thousand too small. The origin of coordinates is at the intersection of the meridian 92 degrees—30 minutes west of Greenwich and the parallel of 35 degrees—50 minutes north latitude. This origin is given the coordinates: $x = 500,000$ feet and $y = 0$ feet;

(3) The Missouri coordinate system of 1927, west zone, is a transverse Mercator projection of the Clarke spheroid of 1866, having a central meridian 94 degrees—30 minutes west of Greenwich, on which meridian the scale is set at one part in seventeen thousand too small. The origin of coordinates is at the intersection of the meridian 94 degrees—30 minutes west of Greenwich and the parallel 36 degrees—10 minutes north latitude. This origin is given the coordinates: $x = 500,000$ feet and $y = 0$ feet.

2. For purposes of more precisely defining the Missouri coordinate system of 1983, the following definition by the National Ocean Survey/National Geodetic Survey is adopted:

(1) The Missouri coordinate system 1983, east zone, is a transverse Mercator projection of the North American Datum of 1983 having a central meridian 90 degrees—30 minutes west of Greenwich, on which meridian the scale is set at one part in fifteen thousand too small. The origin of coordinates is at the intersection of the meridian 90 degrees—30 minutes west of Greenwich and the parallel 35 degrees—50 minutes north latitude. This origin is given the coordinates: $x = 250,000$ meters and $y = 0$ meters;

(2) The Missouri coordinate system 1983, central zone, is a transverse Mercator projection of the North American Datum of 1983 having a central meridian 92 degrees—30 minutes west of Greenwich, on which meridian the scale is set at one part in fifteen thousand too small. The origin of coordinates is

at the intersection of the meridian 92 degrees 30 minutes west of Greenwich and the parallel of 35 degrees 50 minutes north latitude. This origin is given the coordinates: $x = 500,000$ meters and $y = 0$ meters;

(3) ~~The Missouri coordinate system 1983, west zone, is a transverse Mercator projection of the North American Datum of 1983 having a central meridian 94 degrees 30 minutes west of Greenwich, on which meridian the scale is set at one part in seventeen thousand too small. This origin is given the coordinates: $x = 850,000$ meters and $y = 0$ meters.~~

3. ~~The position of either Missouri coordinate system shall be as marked on the ground by horizontal control stations established in conformity with the standards adopted by the department of agriculture for first order and second order work, whose geodetic positions have been rigidly adjusted on the appropriate datum and whose coordinates have been computed on the system defined in this section. Any such station may be used for establishing a survey connection with the Missouri coordinate system.]~~

[60.491. MISSOURI COORDINATE SYSTEM OF 1983 TO BE SOLE SYSTEM AFTER JULY 1990.

— ~~The Missouri coordinate system of 1927 shall not be used after July, 1990; and the Missouri coordinate system of 1983 shall be the sole system after this date.]~~

9.384. RARE KIDNEY DISEASE AWARENESS MONTH DESIGNATED FOR MONTH OF MARCH. — The month of March of each year shall be known and designated as "Rare Kidney Disease Awareness Month". More than one in seven people is estimated to have rare kidney disease. Ninety percent of patients with rare kidney disease stages 1-3 are undiagnosed. Rare kidney disease, when diagnosed, is often found in late stages after irreversible damage to the kidneys has already occurred. People who inherit two variants of the APOL1 gene are at a significantly increased risk of developing kidney disease. These risk variants are found exclusively in people of sub-Saharan African ancestry. It is recommended to the people of the state and to state departments that the month be appropriately observed through activities that will increase awareness of rare kidney disease, available screening and genetic testing options, and efforts to improve treatment for patients.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter in bold-face type is proposed language.

a. Until August 28, 2025, an advanced practice registered nurse providing services in a correctional center, as defined in section 217.010, and his or her collaborating physician shall satisfy the geographic proximity requirement if they practice within two hundred miles by road of one another. An incarcerated patient who requests or requires a physician consultation shall be treated by a physician as soon as appropriate;

b. The collaborative practice arrangement may allow for geographic proximity to be waived for a maximum of twenty-eight days per calendar year for rural health clinics as defined by P.L. 95-210 (42 U.S.C. Section 1395x, as amended), as long as the collaborative practice arrangement includes alternative plans as required in paragraph (c) of this subdivision. This exception to geographic proximity shall apply only to independent rural health clinics, provider-based rural health clinics where the provider is a critical access hospital as provided in 42 U.S.C. Section 1395i-4, and provider-based rural health clinics where the main location of the hospital sponsor is greater than fifty miles from the clinic[-];

c. The collaborative practice arrangement may allow for geographic proximity to be waived when the arrangement outlines the use of telehealth, as defined in section 191.1145;

d. In addition to the waivers and exemptions provided in this subsection, an application for a waiver for any other reason of any applicable geographic proximity shall be available if a physician is collaborating with an advanced practice registered nurse in excess of any geographic proximity limit. The board of nursing and the state board of registration for the healing arts shall review each application for a waiver of geographic proximity and approve the application if the boards determine that adequate supervision exists between the collaborating physician and the advanced practice registered nurse. The boards shall have forty-five calendar days to review the completed application for the waiver of geographic proximity. If no action is taken by the boards within forty-five days after the submission of the application for a waiver, then the application shall be deemed approved. If the application is denied by the boards, the provisions of section 536.063 for contested cases shall apply and govern proceedings for appellate purposes; and

(8) The duration of the written practice agreement between the collaborating physician and the advanced practice registered nurse;

(9) A description of the time and manner of the collaborating physician's review of the advanced practice registered nurse's delivery of health care services. The description shall include provisions that the advanced practice registered nurse shall submit a minimum of ten percent of the charts documenting the advanced practice registered nurse's delivery of health care services to the collaborating physician for review by the collaborating physician, or any other physician designated in the collaborative practice arrangement, every fourteen days; ~~and~~

(10) The collaborating physician, or any other physician designated in the collaborative practice arrangement, shall review every fourteen days a minimum of twenty percent of the charts in which the advanced practice registered nurse prescribes controlled substances. The charts reviewed under this subdivision may be counted in the number of charts required to be reviewed under subdivision (9) of this subsection; and

4. The state board of registration for the healing arts pursuant to section 334.125 and the board of nursing pursuant to section 335.036 may jointly promulgate rules regulating the use of collaborative practice arrangements. Such rules shall be limited to ~~[specifying geographic areas to be covered,]~~ the methods of treatment that may be covered by collaborative practice arrangements and the requirements for review of services provided pursuant to collaborative practice arrangements including delegating authority to prescribe controlled substances. **Any rules relating to geographic proximity shall allow a collaborating physician and a collaborating advanced practice registered nurse to practice within two hundred miles by road of one another until August 28, 2025, if the nurse is providing services in a correctional center, as defined in section 217.010.** Any rules relating to dispensing or distribution of medications or devices by prescription or prescription drug orders under this section shall be subject to the approval of the state board of pharmacy. Any rules relating to dispensing or distribution of controlled substances by prescription or prescription drug orders under this section shall be subject to the approval of the department of health and senior services and the state board of pharmacy. Neither the state board of registration for the healing arts nor the board of nursing may separately promulgate rules relating to collaborative practice arrangements. Such jointly promulgated rules shall be consistent with guidelines for federally funded clinics. The rulemaking authority granted in this subsection shall not extend to collaborative practice arrangements of hospital employees providing inpatient care within hospitals as defined pursuant to chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

5. The state board of registration for the healing arts shall not deny, revoke, suspend or otherwise take disciplinary action against a physician for health care services delegated to a registered professional nurse provided the provisions of this section and the rules promulgated thereunder are satisfied. Upon the written request of a physician subject to a disciplinary action imposed as a result of an agreement between a physician and a registered professional nurse or registered physician assistant, whether written or not, prior to August 28, 1993, all records of such disciplinary licensure action and all records pertaining to the filing, investigation or review of an alleged violation of this chapter incurred as a result of such an agreement shall be removed from the records of the state board of registration for the healing arts and the division of professional registration and shall not be disclosed to any public or private entity seeking such information from the board or the division. The state board of registration for the healing arts shall take action to correct reports of alleged violations and disciplinary actions as described in this section which have been submitted to the National Practitioner Data Bank. In subsequent applications or representations relating to his **or her** medical practice, a physician completing forms or documents shall not be required to report any actions of the state board of registration for the healing arts for which the records are subject to removal under this section.

6. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice ~~[agreement]~~ **arrangement**, including collaborative practice ~~[agreements]~~ **arrangements** delegating the authority to prescribe controlled substances, or physician assistant ~~[agreement]~~ **collaborative practice arrangement** and also report to the board the name of each licensed professional with whom the physician has entered into such ~~[agreement]~~ **arrangement**. board ~~may~~ **shall** make this information available to the public. The board shall track the reported information and may routinely conduct random reviews of such ~~agreements~~ **arrangements** to ensure that ~~agreements~~ **arrangements** are carried out for compliance under this chapter.

7. Notwithstanding any law to the contrary, a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 shall be permitted to provide anesthesia services without a collaborative practice arrangement provided that he or she is under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed. Nothing in this subsection shall be construed to prohibit or prevent a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 from entering into a collaborative practice arrangement under this section, except that the collaborative practice arrangement may not delegate the authority to prescribe any controlled substances listed in Schedules III, IV, and V of section 195.017, or Schedule II - hydrocodone.

8. A collaborating physician shall not enter into a collaborative practice arrangement with more than six full-time equivalent advanced practice registered nurses, full-time equivalent licensed physician assistants, or full-time equivalent assistant physicians, or any combination thereof. 9. It is the responsibility of the collaborating physician to determine and document the completion of at least a one-month period of time during which the advanced practice registered nurse shall practice with the collaborating physician continuously present before practicing in a setting where the collaborating physician is not continuously present. This limitation shall not apply to collaborative arrangements of providers of population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008, **or to collaborative practice arrangements between a primary care physician and a primary care advanced practice registered nurse or a behavioral health physician and a behavioral health advanced practice registered nurse, where the collaborating physician is new to a patient population to which the advanced practice registered nurse is familiar.**

10. No agreement made under this section shall supersede current hospital licensing regulations governing hospital medication orders under protocols or standing orders for the purpose of delivering inpatient or emergency care within a hospital as defined in section 197.020 if such protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical therapeutics committee.

11. No contract or other ~~agreement~~ **term of employment** shall require a physician to act as a collaborating physician for an advanced practice registered nurse against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular advanced practice registered nurse. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any advanced practice registered nurse, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by hospital's medical staff.

12. No contract or other ~~agreement~~ **term of employment** shall require any advanced practice registered nurse to serve as a collaborating advanced practice registered nurse for any collaborating physician against the advanced practice registered nurse's will.
